## Summary

### What is your main reason for using library facilities?(you can tick more than one option)

To support course of study	<b>295</b>	37%
Leisure/general enjoyment	<b>18</b>	2%
Independent learning	<b>251</b>	32%
Research	<b>148</b>	19%
Looking for jobs	<b>75</b>	10%

### How many hours do you spend reading in the HPU Library daily?

One	<b>50</b>	10%
Two	<b>122</b>	25%
Five	<b>142</b>	30%
Other	<b>166</b>	35%

### Do you consider yourself?

A beginner in using Library	<b>113</b>	24%
An intermediate user of Library	<b>181</b>	38%
A fairly experienced user of Library	<b>125</b>	26%
A very experienced user of Library	<b>61</b>	13%

### If you visit a University Library which services do you want to use?(please tick all that apply)

Borrow books	<b>310</b>	26%
Read magazines or newspaper	<b>244</b>	20%
24 hours reading Room	<b>185</b>	15%
Research topics	<b>182</b>	15%
Xeroxing and reference Services	<b>138</b>	11%
Journals	<b>146</b>	12%

**Please tick reason/reasons which make you feel that you do not need University library services? (please tick all that apply)**

Lack of time	<b>249</b> 47%
Lack of interest	<b>67</b> 13%
I find everything I need online or from other sources	<b>110</b> 21%
I buy my own books	<b>100</b> 19%

**Do you reserve the books for your use in the Library circulation section?**

If yes how often	<b>40</b> 8%

50 paise during semester period 75 paise Rs. 1.00 each 075 paise Rs. 1 each copy 1 Rupee RS. 1 for both side of page 75 paise 60 pais per copy One rupee per page both sides One Rupee One rupee per each copy 75 paise per copy 1 rupee 0.75 paise B=NO idea RS. 1.30 60 paise single side Rs. 1.00 per page -NIL- Rs. 1.20 per copy .50 paise 60 paise 75 paise/page 25 paise NA 0.70 paise per copy 50 PAISE 60 paise -NIL- In Central libray but not in departmental library Nut no paper 1 rupee both side Rs, 1 50 paise/page 50 paise each copy 35 paise Rs. 2 50 paise copy Rs. 1 Np Photocopy facility RS. 1 per page Rs. 1.50 per page no change 25 paise per page No idea -NIL\_ 75 pasia 50 PAISE/ PAGE50 paise single side of page 80 paise per copy No information 50 pais per page 50 paise for each page 75 palsa per page 10 paise charged for each copy i rupee/page both sides Please try to improve the quality Don't Know 50 paise/copy 1 rupee each copy 50 paise per paer 50 pais 40 paise per copy 1 rupee copy 70 paise par page 0.75 paise per copy RS. 1 per copy -NA- Don't know 50 paise RS. 1 both sides 60 paise per page 50 paise -Nil- 80 paise per page 60 paise per page one rupee for each copy 50 per copy Rs. 1 for both side Rs. 1.25 40 paise 60 PAISA Rs. 1 per page 1.20 rupee per page it may be 73 paise, exactly i don't know how much..... 50 paise/page Rs. 1.25 per page Rs. 1 both side 80 paise Rs. 1.20 Sixty-eighty paise per copy Rs. 1 Per copy 60 paise one side 50 paise per copy 50 paise per copy 40 paise per page 75 paise per page 50 to 70 paise -NIL- One rupee per page of both sides 1 Rupee /Copy Rs. 1 per copy 50 paise 1.00 75 paise per page 75 paise per copy Rs, 1 per copy Rs. 0.50 per copy 5 rupee Rs. 1.00 50 paise per page 65 paise per page Law library has no facility for photocopy

**Are you satisfied with this service?**

Yes	<b>360</b> 75%
No	<b>118</b> 25%

### Are you satisfied with the circulation system of your library?

yes 378 79%  
no 102 21%

#### If NO please specify.

delay in service circulation system is not good because it is limited to every few students There is no proper arrangement -nil- No facility is provided The timing of science library should be 8 to 6 pm Books issue timings not satisfactory Specially Sanskrit books are not available there bOOKS SHOULD BE AVAILABLE TO THE STUDENTS AT TIME OF THEIR FINAL EXAMS Some employee open talk insection i.e. phone etc. the space for reading there things is very less -NIL- The timing of science library section should be 8 to 6 pm I am satisfied There is nor proper management it get damaged, so need more books in libaray Students does not behave in disciplined ways Not effective no poper Materials in books is not enough. Moreover books are not in abundance.management of chairs and tables No sitting facilities for students or rare facilities v need more machines for photostate A book circulation for fourteen days if one book available other will re--issued are deposited it late then what other will do. for any food reason need no explanation i am a beginner in this library Re-issue period should be increased The timing of science library should between 8 to 6 pm need more machines for phogostate Students just occupy the tables by placing the books and themselves go out and the students waiting to study for to just look for seats all over. Because if harms for the newly candidates do not have different books due to improper facility like chairs, old books bad condition new edition books bot available Books should be issued for a month of 15 days lack of seats The science section should be opened for 24 hours sometimes the copies of the books are not in adequate numbered as match to the number of students Photostat machines are not in good working conditions It creates disturbance to the students Library needs to be upgraded There is no proper seats NUMBER OF BOOKS MOSTLY NEEDED Books should be issued for a long durationbooks cannot circulate at the time of exam My answer is Yes they took a long time for ohtocopy -NIL:- Over loaded B.ed section should be kept open till 9 pm and Himalayan section timing should be extended there is no proper circulation system It takes a very long time to have a book of interest for each and every student and sometimes reservation system lets stunts deprived of a books required when he needs it the most

## Are there any ways the library could improve your access to the IT services on offer? How? (please specify in three lines)

cyber cafe computer must work properly By making children aware about the materials in library Provision of wi-fi For finding our research material and IT service is very important . So computer is very useful tool for this Wi-fi for every university and even private universities are providing wi-fi, then why should not HPU Wi-fi facility should be provided in the library The library can have more of computers having net facility The university will setup its own system if IT fully equipped with all modern facility Increase the number of computer system and replace older ones into new ones as some of them always remain out of functioning. processing speed is bit slow Provision of free wi-fi service By providing training to every interested students The It department is located at ground floor, where much of students don not know about it. It should be at a convenient place and accessible to all We can get the first hand information, No need to looking for others Providing more computer, internet facility proper sitting arrangement for our studies More Finance Yes, it offers us good services and we get all the access which is important regarding our study but sometimes we did not get IT services due to network and computer problems there should proper network facility/ connectivity which can save our time especially for researchers they have internet check over user of computers in the library by providing computer in library wi-fi service in library printers tp print out relevant material from compters not Internet in library as i use my own desktop or laptop for internet access Access should be granted to the IT section on the regular library card by giving wi-fi facility first of all provide the wi-fi and service must be free, presently we can not able to access internet by providing the adequate infrastructure of computer equipment's and trainees there on Provide internet access Provide paid softwares Assign a login and password to all faculty for online access to library subscribed the journals e-books more finance There should be a good quality wi-fi facility Wi-fi facility its very important now a days that facility of computer should be there By providing wifi facility to every students in university One computer with internet facility in every section of the library Wi-fi service should be provided computers should be installed itself in the library By providing the IT or internet facilities of various types in each and every sections of library like wi-fi facilities etc. latest edition of books and wifi services must be provide Library can provide online journals and reading facilities with book catalog Because this is the time of information technology we all getting all information through internet related jobs and etc. Desktops are very old, they must be changed Processing is slow so change the processors Shpod provide online reader services provide wi-fi new computer trained person should be there for during the computer seeeion There should be wi -fi facility in library campus wi-fi The main purpose in HPU library is to improve or establish It services because it is important is present scenarios Wi-fi facilities should be very important to develop library establish a better infrastructure in library Computer labs opening Broadband connections New It technology Providing IT lab Give there Wi-fi facility Providing to the monitor High speed internet facility to provide By giving computer facilities In this library sitting plan is not good the officer of the library not all helpful More journals related to IT should be provided free wifi and free internet service should e provided I think there may be a provision , so that every student should have to spend one hours on the computer for the IT service as well as their own studies \_NIL\_ To provide valuable material Provide It facilities in department library For finding our research material service is very important Providing more computer Internet facility Proper sitting arrangement Through science direct -NIL- Yes, library facility in It services must be improve, there must be wi-fi system in the library and also in the whole campus Provide computerised reader services for borrow and circulation along with computerised cataloging By increase no. of computers look in at need of quick information now a days wifi must be enabled over not only in the library but in all over the campus Provide modern type computer Printer Scanner are mostly needed Virus free computers every department should have their computer facility for the student By providing wi-fi facilities By providing net in all departments Please provide new LCD's in library cafe There should be proper printing facilityBy providing an expert in computer to help the students mostly who have poor knowledge in computer for learning purpose IT services provide well knowledge for the students regarding their syllabusUniversity authority should start good IT services with qualified staff in library E-catalogue Server connection should be fast There should be more printers in the lab for printing purpose Wi-fi faillity Trained IT staff More computer there is users to improved to access to the IT services on cuber and when we have a knowledge to operate the system properly them the time house to be reserved It makes us aware about the daily happiness and also to line the different publication on different materials In library there should be good computer facility and internet facility. There should be wi-fi facility in university campus also. Sufficient infrastructure IT lab must be established Computer expert must be there University library is charging rupees for using IT services, but i think this is the highest institute in Himachal Pradesh so it may be free Wi0fi facility must be improved Good IT lab should be facilitated Access should be provided to every student I think the systems in the library are not always in working condition and the infrastructure of the areas of very bad By providing wi-fi facilities in the library by providing good computers there is no such facility mention above Wi-fi facility in library Full management and staff in library Provision of Wi-fi -NIL\_ In library to provide the wi-fi computer facility, printer and other IT building to make more and more cyber cafe and it will be done a sitting facility you to make of the in private land. Introduction of wi-fi in every section More charging points for laptop users use of wi-fi By making students aware about the IT services you are provided inlibrary library should be facilitated with wi-fi facility, proper internet use and printing facility is important in present scenario By Providing more PC Connected with internet services Wi-fi facility should be installed. It is is not possible cyber cafe of HPU library should be moderated and credible facilities needed to be given there By wi-fi facility wi-fi facility new computer and new windows like windows 8 it is necessary to everyone and provide better IT facilities to everyone Wi-fi campus not only single department or library By increasing computer systems in library cyber cafe and provide better internet facilities By providing time slots for each department for using IT services First of all provide new monitor for cyber in library quick net facilities and provide printer in library A Computer lab can be set up for 24 hours access Replace old computer systems Using wi-fi facility Subscription of online journals should be there giving free use of computers facility the condition of computers should be improved Systems are full of viruses, up gradation of systems required For finding our research material it. Service is very important so computer is very useful for this. By providing more and more computer By providing computer instructor To aware the students about computer knowledge and inportance Wi-fi facility can improve It services Experienced trainer should be there Full system It should kept the electronic material of studing There should be one port specifically related with IT server in the library By establish a copter lab in the library for reading of online journals and to be upto date with new or daily research work By providing computer rooms in our library Library can improve access ti IT services if wi-fi system provided by administration By providing online journals and books . It helps the students and save the time. WI-fi system By giving wi-fi facility computer usage and broadband plus wi-fi The IT services should be provided to mainly the science section To provide wi-fi services and broadband services for internet Provide wi-fi facility Free internet facility to improve the IT and appear yes, before comes the university i have no knowledge if IT field, but to low charges of coputers use in the library i am able to use it By providing better facilities The catalogues should be online Library should maintain a computer with new computer and wi-fi fcility the important speed must be increased and the number of pc must be increased By providing internet wi-fi facility in the library By providing e-library facilities Permission to bring laptops and use them in library with wi-fi service wi-fi facilities in the library Cyber cafe should have the facilities of high speed internet service An IT lab or a cyber cafe should pr properly managed in the premises of library so that students can avail the facility There should be more computers in IT lab and sitting plan should be in proper way. The most important thing is that there should be teacher who help us in IT lab. I think each and everything should be made online for this purpose by digitalis the library, work load and quick service can be available. Also digital pass can be issued to legal border many students suffers with a most frequent use of internet access. so there should be an open wi-fi system so that we can access anything on it and more out the best Library must have its own cyber cafe with nominal cost for internet and also w-Ofi facility provide free internet services for the students provide high speed internet facility for the students Yes, they can improve the quality and also the number of systems in the library By providing wi-fi facility in the library in campur There should be at least 100 computer in IT lab There should be internet facility IT services should be free for the students Very fast internet facility i thinks it is connected with wi-fi facility i think it should be available for 12 hours because the Stengel of the students are very much and computers are very less by providing more pc To increase the capacity sitting with large number of computers and proper connectivity of internet service all the students are use of the computer of the study material of the online. it is to improve the IT services Yes Should fully computerise its activities Yes by providing catalogues online providing me hour time daily for a group of students coming regularly Library can facilitate students by installing large numbers of computer system with internet facility Most of computer in library work not properly, please provide good new window computer Providing computer lab in the library with the teacher for and kind of help Enhanced infrastructure of IT services should be done on priority by way of providing more systems and updated versions of all latest e-books and journals and broadband connectivity wi -fi facility should be provide in library -NIL- wi-fi facility By providing computer facilities along with trained computer teachers in library. and providing proper time management making campus Wi-fi Providing electric points and lan ports for laptops Increasing number of systems in laboratory By providing more terminals for the users. All computes should be in working condition Lan network or wi-fi system and allow person laptops in thelibrary Try to open cyber cafe regularly Low cost if possible for students Used latest windows and PC's They should place three four pc;s with internet There should be best wi-fi facility Provide wi-fi Each and every current affairs can get from IT services. Also be using for students welfare and scholars less time and helpful for study sneering also They can improve facilities at lower rate as compared to market rate i.e 5-10 per hour To provide high speed internet services, provide new pc and printer or scanner Access of science journal online for getting full research papers Computer should be provided Quality of computer in existing cyber cafe computer facilities available in departments not in library. library only for study through wi-fi facility Like another university our university stated smart classes, first up all law departmetn It can provide chords of internet connections to the laptops in each table Access the IT services to regular card holder In science section Here is no computer facilities. We feel that we are studying in 17th or 18th century university in europe all teachers computer should be linked with internet, e-library of HPU improvement is very important in all types also in the matter of IT services, so use improve the using material also we improve the IT services Yes, by making library services digital By making children/students aware how to use internet facility by showing the number of books available in library with different courses Wi-fi Internet is sometimes very slow in our library The computer in the library should be well functioning and without any viruses as it is tiday

**Would you generally agree with cancelling print journals for reason of economy and offering electronic journals instead of them?**

Yes 232 48%  
 No 247 52%

**Would you generally agree with cancelling print journals for reason of economy and offering electronic journals instead of them?**

We don't find journals of our interest in print form, whereas electronically much material is being provided. Condition is more of the online journals are paid and library should do something in this regard. Thought print journals are also important. Yes, I agree because electronic journal can be presented for 10 year duration and can be accessed anytime as compared to print journals the print journals available at present are not good sufficient. By implementing electronic journals facility, students can easily download them and they can read them at their home also. Because print journals are easy to read and no need of computer screen. Which poses eye problems and there are weak computer facilities so they can not be available easily so print journals cheaper print journals are very poor in HPU environment friendly and time saving. All science journals Yes, as it believe print version are limited in nature and tree could be used by few people at a time. Instead, e-journals have access to unlimited users at a time, thereby making it more efficient and user friendly. e-journals are very to handle 50-50 because looking on PC screen continuously may be harmful for health. Printing costly mechanism as compared to electronic mode and connectivity every print kills a tree. So electronic mode are environment friendly. Saving the money to help the due work in easily that why to know the electronic journals internet. Because they are accessible from the desk itself. It may be concerned but only in the case if you have better cyber facility. Nothing to say in this regard -NIL- internet facility. In electronic journals process is every there is also not be information and lack of errors and also data be secured in that type. NO mathematics in field of pure maths. Most of the time subject matter which we needed not available in the library. NIL. No economy is the main reason. Yes -NIL- LAW Science Journals. No Comment. Because there are various types of modern facilities available which helps us a lot. They need less time for completion of work as well as less cost. University library has not proper infrastructure for providing electronic journal so cancelling the print journals is not a good idea. Law journals it saves paper and time. It would be more economical for the students. No comment. e-books or electronic copies can be taken by any one for future use also. As journal available in library do not include new emerging topic if we see Punjab university journals is electronic library system is upgraded by computerized system. I think the time they used for the photostat is very much one or two days for one book and the services providing by then us very poor. We always take print out from the journals by electronic journals we can access from easily and in short period of time it saves money. Today most of the students have smart phones or PCs they can access e-journals from library more easily and it needed they can set xerox copies. Yes, because besides economy, these will be available with the press of a button also. I do not agree with cancelling print journals. Easy availability of journal and can carry along with us in laptops and cellphones. save papers. Yes in every case, why to waste paper. -NIL- paper journal are only available in the library but electronic journals can be put online. Yes. it will save paper and everybody can access it from anywhere they want there is no need to carry then along. Because 21st century is ITs century and without it a man cannot grow. The newspapers and magazines should be provided online where there are proper computer facilities. -NIL- Yes, to be important journal in the library. It cost less and use for many-many years, any very important it wants to carry it than we pen drive and its over off line study keeps its importance, however our library will not be able to provide such number of computer that students could study online. No, because some people can't afford assets for their research. e-journals is easy to access and read wherever we want nil.

**Are you aware of e-journal service available to HP University through UGC Inflightnet?**

Yes 148 31%  
 No 331 69%

**Are you aware of e-journal service available to HP University through UGC Inflightnet?**

I am not aware about it when the e-journals service available to the university the student study more and new styles and learning. It is very essential for use to library for loans. No. I am not aware of this. I am not aware of e-journal available to HP University through UGC. I have not used this service for studies and research work. -NIL- Sometimes very often. Not provided Resources. I generally use economics and political weekly which enhance my thinking. NO. Very rarely. NIL. We use this service for to collect the information about our writer. I didn't use this service yet but it is a good service and we can get recent study material regarding this and can make it in use of our research work. Yes. -NIL- Quite Often, without these our research work will suffer. Quite regularly. Quite Often routine maths regularly. For my studies, e-journals services provide by H P University is very helpful for the students everyday even a Sunday or holidays. Quite often I have not tried it once. No access of full text data in journal not available how can we say that we are aware e-journals very poor often. Very Often there is no provision to provide these type of facility for students. Almost daily. Whenever needed for my research work. Regularly. Yes. Lack of knowledge. SOME TIMES some time. Research topic is related to HP so journal keeps least importance for me but even than I use to read them. I used this service. Lack of awareness by HPU library. Drinking water facility should be improved. Water purifier should be there. Outsiders should not be allowed in library without having library cards. There are many books which are not available in library and books should be replaced. More chairs should be provided in every section. Toilets should be neat and clean. Very rarely don't understand. Very often not that much nil.

### Would you like to see catalogues of Himachal Pradesh University Library on the web?

yes 456 95%  
no 24 5%

### Would you like to have a password operated an e-user account for yourself as member of the University Library

no 37 8%

## Suggestions for improvement

### What are your views/expectations about the future of the library services?(state in five lines)

Increase the seats in library Facility of computer and net system Improve the facility of water Repair bathrooms of library There should be facility of all type of books related to UGC net exam and for all other competitive exams it should be good, and reading room of main library should remain open all the time sitting arrangement for students more chairs should be provided in B.ed section may our library live lone very much..... more aqua guard water facility, good chairs, and good internet facility By providing proper computer facility Upto date data Provide new edition books Maintenance Proper drinking water Computer Sysytem New edition of every book would be provide as soon as possible Focus should be on competitive examine books Improvement of sitting arrangement I expert you to increase the library timing as it the competitive world opening library for 12 hours is not enough. Students want to study more Provide more books. proper sitting planning, increase the timing More seats for students , tables should be like in advance study Water aqua guard facility New editions of books must be available. Four to five copies of one edition should be available It should provide the latest books/materials on subject Is should provide the printing and photocopy facilities Wifi facility Online services More sitting arrangement, water facility, 12-24 for general section improve library infrastructure new books should be there replace the old chairs computerized the library The future of our library is bright but some aspects should be seen with great approach Bring new edition of books Improve the quality of old books Foreign author's books should be available Sitting arrangements should be improved Books of latest edition should be provided There should a wi -fi facility as well as good water condition and its a humble request to assistant librarian please. the general section should be open for 24 hours. it should have more access to most of the reference published books for journals and booksThere must be a cyber cafe and wi-fi facility in the library. there must be an electronic user account for the member of the university library and 24 hours reading room and in yearly there must be a book fair so taht students can purchase new books the first improvement should be about sitting second about drinking water the lack of chairs should be improved fourth is creation of better property counter Provide updated books of text books and reference books for the students. In winter session November to March provide sufficient heater for the students Quantity of books and updated library material More of electronically equipped . It should have more better drinking facility and audio visual aids, the catalog must be electronic Computer facilities, Chairs for sitting is very important need. Removal of other offices from library Proper time for students to read. Water facility We search and study anything with the help of library, to help in our test Proper internet facility required in lab Library should provide good sitting plan account to department Library should provide filter water Library should provide proper light facility Library should provide clean toilet Online facility Number of books issued should be increased number of days new proper water facility and toilet Facility of wifi and power plug connection with each table Proper sitting system new books in the library Provide more books and magazines Improvement in Internet facility Proper sitting arrangement Create more space for students by shifting UGC academic staff college It should be more towards e-service It will be Digital Library. Any where any time library by providing facility like water, toilet, extend timing during exam time and make it digitized, it can be better for HPU students and library The library record if not online, at-least it must be computerized so that we can easily know that which books is available Will be become good or eith the full fcilities provide new books Students wants few big and better libraries for preparing their exams. more funds requiredTo provide data base library in law and electronic journals should be provided instead of print journals. If possible then please open general section for 24 hours, water related problem should not be in library chairs should be available in the library Computers facilities should be able in the library B.ed section should be opened whole day Library services must be improved because there is a old forms of authority library. We should do sometimes new and latest facilities must be increased in library facilities. every books should be provided there easily I wish that students are given books for more duration Recent books Provides the photocopy facility in the library we see catalogs of the H P University library on the web provides the computer facility New edition of books and research papers Registration for journals to access full data water, toilets and seating arrangements should be improved More space and chairs to accommodate more students Better internet facility Provide more books, repair of toilets, more chairs, drinking water 24 hours water facility in toilet Better sanitation in the toilet provide more chairs in every section Increasing chairs in every departmental library including university library To be updated Increase in quantity of books increase the sitting capacity Provide proper sitting arrangement in library, also provides water purifier for students and wifi facility in the library large sitting capacity Wifi enable with electric and lan points Extension in closing and opening time Heating facility Proper sanitaion The future of our library is bright but some aspects should be seen with great approach. library must be useful to students for other study and other activities like research material etc. Provide properly newly addition books maintenance properly Proper drinking water supply Stop talking in the library staff in each section Ban on mobiles in the library My view is that there must be new edition of books in our library with their Hindi version. Infilbnet should be there For books query minimum 5-6 computers should be in each section for searching the all books there should be wi-fi and cyber library in our university Proper infrastructure of library Proper facility of water and toilet 24 hours reading rom proper accommodation 24 hours fcility Library should be equipped with new edition books More sitting arrangements in the reading rooms Proper water and toilet sanitation and facility Proper sitting arrangements demand of books of many other authors we must updated our library or computerized system must be by this service we can borrow by computer i thinks there is lack of staff in our university. the employees are giving there best to maintain the library. university should provide best quality staff for issues services No improvement required As per Punjab university library books should be increased every year Good accommodation According to my point of view the future of library services will be very bright. There will be more material and facilities for students as well as for research scholars. These facilities will be proved very important in shaping the future of coming generation Proper sitting facility Proper staff Internet facility To increase the capacity sitting with large

number of computers and proper connectivity of internet service New edition of the books should be in the text section Provide the photocopy facility in library and also provide the catalogs of books of university on web Inside the library should be proper chairs, noiseless and proper discipline Computer systems Drinking water facility should be improved. Water purifier should be there Outsiders should not be allowed in library without having library cards. There are many books which are not available in library and books should be replaced More chairs should be provided in every section Toilets should be neat and clean proper sitting facility in all the library proper maintenance , water and heating facility More Sanskrit books which are only one or two copy Heaters Toilet Cleanness More space for bags Library in future must go online, with borrowing of books online, with digitisation Increasing the number of seats All seats well fixed Computer facilities sir i want the library of HPU legal department will open early morning at 8 am to and closed 7 pm, this is my request from you sir. I hope to be the good condition in the future time to be in the follow The toilets, poor water facility availability of lack of sitting chairs in library must be improved To provide computer facility To provide photocopy facility Provide more books, proper sitting facility, increase the timing We should retire the old syllabus because they have no knowledge about comupter and we have to give opportunity to the new young boys to service in HPU The paid -staff should be focused about why they are there, their duties towards the students. the library should be wifi-, proper outlook and sitting facilities including group rooms, private rooms etc. Provide Hindi medium books Increase the staff strength in library Prepare the catalog in section of all the books Increase the toilet facility Improve the water facility the latest books should be made available in library No explanation Services should be electronic i.e. by card touching and computer operated In am not a very much experienced user of library. Till today I have done independent study by bringing my own books. I am fully satisfied with the environment of library Good sitting management Availability of sufficient books Fast network HPU library facilitates to students with various facilities. If e-learning will be if more computers are facilities. Sanitation of the toilets would facilitates students much better Increase the time upto 7 o'clock open on sunday larger sitting capacity Better and well equipped computer labs Wi-fi enabled Should increase the no. of heaters A special 24 hours section on;y for girls so that girls can sit comfortable Well infrastructure Good atmosphere IT services There should be books which our teacher in toughing and personal books should be allowed in text book section and in general section, number of seats should be increased . there is no vacant seat available in afternoon Please provide internet facilities in law deptsrtment Collection of books should be improvised because most of the books are outdated according to the new syllabus. Sitting capacity should be increased or improvised Water and toilet facilities are also need to improve University library providing us a good study material and because of library we can study To improve water supply in library To improve new information happening in library To expand photocopy section Improve infrastructure and provide good books for every subjects Improve sitting facility as soon as possible Water provided for drinking is of very poor quality Provide drinking water, toilet facility in 24 hour library The safai karamchari Books in the science section are not updated, new editions not available otherwise the service is good To provide the new books, proper sitting arrangement for common student and research scholar More chairs n library Provide photocopy facility and internet facility wi-fi and internet connection and time limit for each user Heating and water system should be good Library services should be online also Proper storing of library books the status of which should be available on the library software New edition of quality of books along with competitive view also new edition as old novels etc. Availability of chairs with some more timing and above and all digitization of library -NIL- Books in the science section are not updated. new editions not available otherwise the service are good Improve our department library Number of chairs should be increased New books are not available Water for drinking is not available New stock Water facility the water facility in your library is very poor the library authority also provide purifier water for the students the ugc academic staff college should be shifted to other place Provide easy and fast services finding books, proper water facility and reading rooms The future of our library is very bright. But some aspects should be seen with great approach. Books should be issued for long time New edition of books must be available a easy access to reference section books Water facility I want to say that in library need of full staff in secular section only one teacher there and we wait to return the books. So we are stand there in lines so increase the no. of employee there Library furniture should be proper and books are also arranged in separate sequence for all departmetn Wi-fi facility New building students are increasing day by day library sitting plan should be increase Timing of library should increase and good sitting facilities., water faculties should be proper and drinking water should be available 24 hours. In library we have all such books, magazines as per the required of a student or learner. Especially old books, journals which are not available anywhere can be found here. New books are required. Seating facility needs to be improved To provide new edition books in our library provide more chairs for students fresh water facilities and also provide Hindi medium books for students especially those students which study Hindi Medium Hitech university, wi-fi library To provide books of foreign authors as much as possible with their online copies providing to library caomputers Wi-fi facililty should be compulsory Photostate facility there should be adequate facilities of sitting water toilets etc. To be have all types of required material for study Helping staff should be there Current magazines and newspapers and journals Research material should be there Library should be hitech, better sitting facilities and water toilet and good environment of library Skilled staff should be recruited in future Books purchased in the library should be intimated to the concerned departmetn Refreshing the books Latest subject related books should be there Their should be facilities of internet also. Improve the toilet facility many of books are not available Arranging books of latest syllabus proper water facilities wi-fi facility Library should proper heating facilities Newspapers should be provided for each section Proper ventilation of library or reading room along with provision of all Hindi English newspapers It is should be completely computrsed online service There should be calmness in the library Remove the Academic staff college from the library, it creates disturbance ti the students There should be proper arrangements of books Every subjects have there proper space in library Books are not properly arranged There should be good internet facility also Library is the pivot of all the activities in the University activities for learning teaching and research. It should be fully computerised and online in future with aces to all knowledge resources on the web Library should provide good books and competitive magazines Proper chair, discipline proper books in section etc. Proper siting facility should be provided. Latest books should be there and Number of research journals should be increaed Internet services should be better Catalogs services should be on the web Our view about the future of the library services to increase the study hours of science section, so that we study in these room all times. it should be high tech through internet facilities and better accommodation, need more staff and maintenance Wi-Fi facilities should compulsory Reading roms should be in good condition Photostate facilities etc. they should be books available in both medium Hindi as well as English and better seating plan should be there and pure water and proper toilet facility should be there Computer system Proper infrastructure of library and proper water and toilet facility New paint should be used on walls every year Recent editions of books should be there Expansion of IT lab so that more and more students can avail internet facility provide properwater and heater facilities, (2) More sitting accomodation (3) Provide reading rooms for research scholors (4) Fill up vacant posts of staff (5) Wi-Fi Conection good sitting facilities, ventilation, light water purifier, silence and borrows books more than 4 good and new edition of books Reference section books must be more To be gave all types of required material for study Helping staff should be there research martial should be there The library staff purpose their capabilities in all fields like communication, decision etc. seating arrangement should be quite comfortable over crowding should not be there. proper heating, water supply should be there. Library services are good, but they can improve by doing goof work in light, toilet and chairs Library should be updated with the all new and old books and IT services should be installed and upgraded ASAP THE INTERNET FACILITY SHOULD BE PROVIDED TO THE STUDENTS. THAT'S WHY THEY CAN ACCESS TO THEIR STUDY MATERISL I accept our library to be Hi-tech and separate department for different departments of university . Tea and coffee machine should be available Providing more books books which is not in good condition should be mentain its of all library of HPU must be online like other university and online services must be provided to every one latest editions of all books should be provided Different sections should be for seniors / juniors . researchers The whole system should be made computerized, so that fast service can be provided there is very need of aqua guard, due to when students got a fresh and clean water Water should be available even and every point time of opening and closing of library should be increased Provide latest edition books Improve the infrastructure Provide wi-fi facility in librqry The Library should provide internet facility Please provide internet facilities in law department For making it futuristic all computer services need to be computerised urgently with journal, books and reference catalogues made available through the university website with access to user account information through website The employees should be most cooperative and not rubbish, for which the number of employee should be enough satisfactory wi-fi facilityshould have the facility of e-books Some times books are found in library so that books related to case should be available provided by the library new edition of books should be here improvement in circulation of books helpful staff best facilities in the library I my perception libraries should be totally regulated by internet and for important technology does today an important role. Recruitment of staff to provide more facility for students Very important Proper studying environment i think the bad conditions of the chairs should be improved. the services provided by the library staff should be improved. the heating facilities are very poor at the time of winters. Research topic is related to HP so journal keeps least importance for me but even than i use to read them Satisfaction is all what we want so the library services should satisfy everyone I just expect that library should posses a lot of books on each and every subject due to which the students will not face any problem regarding issuance of books Better library services are beneficial for students. It is need of the hour that library should provide good and new books with in the time frame Automation needs to be done Computers should be provided to both staff and students provide wi-fi Easy digital methods of issuing books Internet facility New stock should be there my expectations are future is be better arrangement f sitting and it could be highly digitized according to the students needs Photostat machine in law library. It should be computerized Its a part of student and any learner. Library is a bank of knowledge. It is important for studying and search its provided use new point of Views Improvement in sitting system Toilet facility Library timings

## Give your suggestions for the overall improvement of the University Library services/ facilities within ten points

increase the sitting space by shifting staff college and bank 24 hours open the general section improve the internet facility Provide more books, proper sitting facility, increase the timing, more private reading rooms, more staff, online service E-books Digitization of library Wi-fi E-code of libraries to students Computer/laptops for libraries remote excess to university library by its students for studying Nominal charges for e-libraries Efficient computer knowledge staff Better chairs and desks should be provided by the library administration New magazines Infrastructural facilities should be improved such as toilets, eater etc. To help to read our syllabus book To help to quality the entrance To read good books To help to read good written book I have seen that maximum of students in university come to library and occupies the seats, but when they go out for either lunch or any kind of refreshment, they always keep their books on the table, which is not according to rule of library when any other student finds it vacant for study, they show their objection by saying that I have kept my books here so this is my seat. This should not be done, every student in university is having right ti use library as per his requirement people should not ist in reading rooms people must contribute by some donations to library 24- hours section must be improved library must be equipped with wi-fi facility drinking water facility charging points for laptops must be provided increase reference books make library 24 X 7 provide good expert staff make proper user facilities provide new tables and chairs in science section timing of closing of library on Sunday should be 8 pm wi-fi facility should be provided in library facility books from library should be issued upto 20 days students should be allowed to take their own private books to text sections of libraryNew edition of books 5-10 copies per books Good sitting rooms or big reading rooms 20 newspapers and 10-20 magazines Proper sitting for every member Toilet should be clean Science section should also be open at 9.00 am Digital 2 Provide sitting accommodation 3 Wi- Fi facilities 4 Water Heater Facilities provide properly Fill up vacant posts of staff 6 improve security service 7 nReading Rooms for Scholars 8 Imprpove Himalayan ;section condition 9 Increase library timing Provide latest knowledge edition book good furniture extend the library time excellent facilities of water, light and ventilation clean toilets examine the room daily, proper cleaning and improving Students of all department should have own library seats Improve the water facilities Provide the computer facilities with same charges Provide competitive books such as GATE, NET, CDS etc proper facilities of water proper facility of toilets wi-fi services in library proper sitting arrangement proper checking of library cards outsiders should not allowed in library Proper sanitation Improvement of sitting arrangement Water facility Provide more chairs, good books,. Current journals, Improve the bad condition of library toilets because its very impossible to read their when faul smell comes from there toilets. I want to suggest all library catalog connect with computer and it opened for all students by doing this our time will save. Insufficient staff Insufficient Hindi medium books in the library Insufficient chairs Unavailability of drinking water Library should be computerized Proper security in clock room Water facility should be improve in our library the facility of new journals should also improve Computer facility of our library should be improve Library should be modified with facilities of updated journals and books with latest enactments. Also provide the other basic facilities to the students. Water aqua guard facility More seats for students Tables should be modified in design like advance study we should bring new and update books in our library there should be wi-fi in our library we have leak of Hindi-medium books etc. Proper checking of library cards Provide facility for students like water, toilet, fresh water, and other basic needs The sanitary condition must be improved Text books sections for science should be open upto 7 pm because science students attend classes from 10 to 1 pm and practical from 2 to 5 pm so when will they go to library section?????Provide new edition of books Better computer facilities E-books 1. Digitall (2) Provide sitting Accommodation (3) Wi.FI facilities (4) Water, Heater facilities provide properly (5) Fill up vvacant posts of staff. (6) improve security service (7) Reading rooms for scholars (8) improve Himalayan Section (9) Increasing Library timing there should by aqua-guard in every section of library because only one tap is sued by whole of library bu no drinking water available Number of text books copies should be increased by 4-5 times Journals received in the library should reach the concerned department library regularly Heating/ water facilities improvement

Strengthening of staff Cleanliness requires improvement Number of chairs and tables should be increased It should be opened earlier in the morning as possible Whole of building should have wi-fi auction the all old useless books and buy new books awareness seminar on library cooperative of students and employees Proper sitting arrangement Internet Facility Computer lab Heating Facility Xeroxing and photocopy facilities Toilets, water facility above all sitting arrangement needs improvement improve water facility provide new computers provide new books Proper arrangement of chairs Poor toilet facilities Dust beans in front of every table Heating facilities are very poor Arrangement of new books related to new syllabus Maximum books are arranged Some improvement in sitting arrangement Arrangement of chairs Proper space should be provided to the library sitter and all Candidates should be space for sit in library Science section should be open only for science students only for sitting The books should also be provided or issued from other section of library to all students First of all I am very thankful to all library staff for asking our views, all staff members and library are very helpful but some weakness is required there like that, there should be a wi-fi facilities, there should be a good qualities books, as well as water condition and there is lack of chair which should be provided.computer and internet facility increase in chairs Hindi medium books My suggestion for the improvement of university library services is to provide latest information and provide latest editions of the books. If there any change in any particular subject so one can access to latest information through latest edition. In library internet services should be provided which is need of hour. More chairs in library Computers facility in library All competitive exam books in library There should be proper arrangements of books Every subjects have there proper space in library Books are not properly arranged There should be good internet facility al lack of space in reading halls Water purifier in reading halls Goos sitting capacity must be available Internet facility should be given Electronic material of study should contain Provide new edition of books Proper sitting arrangement Provide new chair Provide proper light system Provide more heating facility in library during winter Binding of old books Library should be wi-fi there should be proper seating plan for every one both medium of books Hindi as well as English medium Proper electricity Proper water facility Proper toilets facility Sanitation Proper wi-fi facility Library should be online Proper library staff there should be proper arrangement of clock room, because most of the students have to lost their accessories. there should be proper arrangements of water in library Provide latest edition books in the library Increase the number of copies of books, so that all the students can have the required books for more time the water and sitting plan should be improved the lack of chair should improved the chair thing is wifi net facility should be available internet facilities new library proper staff recruitment allowing 24 hour service renovation maintenance of library hi-tech library new books of latest edition] proper sitting plan aqua guard Improvement in infrastructure Stop the dipping of water on the top floors Give the entry to students who have a library cards always check the cards New edition books should be made available. Duration of issuing books should be increased and multiple copies of good books should be made available. Online information of books stated. Internet wi - fi facility should be made available. various international and national journals and magazines should be made available it is good in university library Safe drinking water facility Full water supply within toilet Chair in good condition New books in every section Proper sanitation Cleaning of study tables Painting in 24 hpurs library Wi-fi in library Information about magazines, journals will be given on some notice board Counselling chambers should be there proper water, heating and toilets facility More books on competitive exams It above mentioned views are fulfilled then there is no need of any suggestion New comers or freshers who don;t know how to use library, University library must have something for them The chairs and study taska should be in good conditions. Library should be central heated in ervery way. Library is only used by the students of HPU not outsiders. Provide new chairs and tables in main library. Provide latest Edition books Same as above facility of wi-fi must be there Better and secure bag section facility Clean toilet for good hygiene Relatively cheaper photocopy facility books should be allowed in science sections new version of books should be purchased Improve the man power sanitary conditions it should be wi-fi while washed using year proper and good seating arrangement proper checking of books the books provided by library they are not sufficient because they are only in one medium Hindi medium books should be provided by library Just make the people aware that they can use library for whatever purpose and make aware them that they can effectively use internet facilities for their studies and research , should provide the good stuff so they can help students to find out books, which students demand Interview of the increasing number of students, the no. of text-books and reference books should be made available proportionally The sittings heating and sanitation should be proper Proper toilets, water and proper sufficient chairs in library and aqua guard and many type of heaters Books of new editions for research, more than 1 copy of important bools of LLM. More journals, heating facility for more students, aqua guard facility, 24 hours water in aqua guards and in washrooms Provide new books of latest addition Provide aqua guard facility Provide new and more chairs in the library Provide more space with in the library for the students Provide more heating facility in the library Latest books, old editions to be discussed. Library to be connected online, students to be provided individual accounts The ambience of the library for readers reading in the library needs to be improved. Retired teachers must also be given membership It should act as a researc library for the state of Himachal Pradesh Kitne suggestion de, SCA kitna dharna deti hai usse to Administration ko kuck=h farak padta Nahi mere suggestion se kya krage. Our han agar mera suggestion lena hai to lights ka proper arrangement library ke har ek kone me hona chahiye. Ankhe khrab ho gayi hai yar andhare main oadh kar/ Improvement sitting arrangement E-books downloading facility Online services Neat and clean toilets There should be proper accommodation in library and should proper facilities. Most important is that staff of library is every good but most of the posts of library are vacant Most of books in sciences section ar not new. However is biotechnology section most of money spend. Please increase the book which are newly revised edition or provide the facility for biotechnology section library make issuance of books a very easy procedure Provide complete and better infrastructure facilities Provide us with latest journals and magazines make it fully computerized make strict rules for non library cards users entry Strict rules for the ones occupying table To see the catalog of HPU library on the web To have e-library system in our department To provide computer facilities in library To provide photostat facilities in the library To provide online services Provide a separate section for girls Provide more and comfortable chairs i library Provide water pure firer in each section Provide wifi facility in library or campus Fill the vacant positions of the most urgent staff for the library, rest computerize Table and chairs should be there for all students Water facility and heating facility Maintain 24 hours properly Toilets should be well maintained Give extra time for use B.ed section Provide more than 6 books for research scholar Please my specially requested to you to all please, please maintain the discipline in the library, in library not proper chair, please provide chair, lack of books specially that to History row in books section please demand the same books There should be proper sitting facility in the library. Provide wifi facility in library. There should be pure water facility in library New editions of the books should be purchased. Timings for issue of the books should be increased Proper, clean toilet facility Free of cost wi-fi service Online HPU site should be updated To provide barn acts To provide computerized research To provide photostat facilities Staff should be trained with new e-services activities to give a ssemless connectivity of the reader to the knowledge world Provide heaters in library Regular cleaning of toilets Provide proper drinking water services Provide security in property room wi-fi facility must be provided by the university library better furniture must be provided to the students outsiders must be allowed to access the general section of the library improve the reading section and make one more floor available for 24 hour study the tables and chairs should be renovated from time to time. there is lack of chairs in libray reading section There must be new books editions There must be Hindi books editions There must be pure drinking water facilities and must be computer facilities at last for one hour There should be proper sitting plan system every students will be easily can all effort and related to their style. There should be proper sports for each and every student in comfort way by issuing them necessary requirement. Also be good management system water facility should be improve in our library The facility of new books and journals should also improve Computer facility of our library should be improve In winter heaters are provides to students in library Improve sitting arrangement In Library we always face security of water, it should be properly addressed Internet facility is not good in library, there are few computers system which i have not seen in running condition and Internet is very slow, because of this students have to use internet outside the library where students have to paid so much There must photocopy facility Bore Act Recent Edition of all books Law books on recent emerging topics facility of e-journal etcProper sitting arrangement More staff for help Updated books, Journals Water facility Peaceful atmosphere No parking Near Library No Commercial activities near library Proper security inside and outside library Proper lightning and heating facility Daily checking of library card while entering inside the library Increase the chairs and tables in the library rooms in exam times no chair is available to seat there and read there Improvement in sitting planning Chair are not available for the most people need to increase no of chairs Books are not available in Hlndi Toilet facility is nor good need of cleanses of the toilet To provide bare acts in law library To provide latest books with amendments on general subjects of law Very important to provide photostat facility in law library More and more literature magazines lack of books counseling subject Providing computer facility Providing more furniture and seating arrangement Separate scholar rooms water filter and clean water Provide the facility of published research paper in special HPU research magazine Provide facility of New published books Library is not only place where we comes to study book rather it is a temple, but unfortunately there are many weakness in this temple firstly there were 3 aqua guard but presently not a a single there where they they go nobody. Cyber cafe is in very bad situation all systems affected with hundreds of viruses. Shift the academic staff college to another place To checking the library and entry only university students proper seating and provide other facility to students Halls sitting capacity should increase Repair tables and chairs Purchase important text books books Upper part of library should be repair and can use for sitting Research or for scholar there should be separate cabin increase number copy of books in the library library rules strictly followedTime must be reduced to deliver library card to students IT services must be enhanced Drinking water facility Some new books must be purchased as books are old and some has been torn Book issuing time must be increased More chairs and desks must be provided as some students has to remain out of library in the lac of space Check academic staff noise in their respective offices Provide fresh and filtered drinking water facility Provide a general tap for 24 hours library Provide more chairs in general section Some time our university cyber center internet server has been down so make good quality and facility in our cyber center Water facility should be improve in our library The facility of new books should be also improve Computer facility of our library should be improve In winter heaters are provides to students in library i do not find any big improvement in library but it needs ti improve infrastructure and water and toilet facility 1. Make it user friendly Current books available Proper sitting arrangement Drinking Water Proper cleaning of the toilets New editioned books should be provided to the students regarding their syllabus and facilities like, increasing the sitting facilities, drinking water should be provided properly and their is an used for published journal also in editorial section. it should be air conditioned there should be required number of non-teaching staff for library the librarian should be qualified and permanentRestricted zones for campus and outsiders to access library facilities Security for bags and luggages almost everything is going on right way. but i feel one thing that the scholars of other states who comes for their classes in academic staff college, they creates so much noise and disturb us. shifted the

academic staff college Wi-fi Facility To provide more books on each topic The books of library should be colored and neat The duration of returning books should be increased -NIL- Capacity of general reading hall and book section should be increased and research scholar should be increased so that they can research better provide latest knowledge edition books library rooms clean daily maintain proper lightning provide fresh new books please provide a best infrastructure provide water facility Computrise, provide e-books, reader awarness programmes about availability of e-journals More books and journals should be provided Internet should be free for students Printers should also be installed in computer lab Inlibnet is necessary Sitting arrangement should be proper Heating facility in winter should be provided to students More accommodation Heating facility Proper ventilation Computer facility New books Condition of books should be good Toilets should be properly cleaned General section should be open for 24 hours it humble request well maintain It service Providing mare books, online service, more staff proper sitting room, Photocopy facility, proper water service, more private reading room To improve the water facilities To improve the condition of students wash room To provide aqua guard facilities Purchase new books Provide the new reading rooms and chairs and tables Repair are minted the library building time-to time To provide the good quality stove or electric heaters in the winter Increase the number of chairs Provide proper light facility Make silence zone inside the library and the should be strict Academic staff must be removed or shifted New books or journals should be issued in library Toilet condition need improvement Proper sanitation Improve water supply Remove UGC academic staff college from library because they create noise in the silence zone. Provide latest books Proper maintenance of books in each section separately Pure and clear drinking water facility I found everyday that there is good competition of getting seat to sit in library. To see this passion of study gives lot of energy. The only suggestion that comes in my mind is that one more building should be opened as library so that student can sit there. Proper sitting arrangement should be there Wi-fi facility should be there Large accommodation which occupy most of the students Well furnished toilet facilities A canteen should be there in ground floor for sitting for taking meal etc. Provide latest edition books need of aqua guard proper availability of water need of more chairs for sitting Proper sitting facilities Proper drinking water Proper heating in winters Increase library timing Also open in holidays I am am employee of university. I have no more time to donate/ spare in library . i cannot say more for the improvement of the university library Proper arrangement of water supply New version of books should be provided Increase the reading rooms Also provide more number of books Providing proper heating facilities in winter Proper sanitation THERE SHOULD BE AVAILABLE OLS GRANTHS ABOUT MUSIC IN THE LIBRARY ALONGWITH "SANGEET" MAGAZINE FROM SANGEET KARYALA. THE BOOKS OF NEW AUTHORS SHOULD BE ADDED IN THE LIBRARY More funds provide by H P University for book maintenance Library put the self service machine make better management of chairs and tables Suitable sitting capacity in each section Meat and clean toilets Suitable and acceptably IT facilities Better facilities especially in section or open section Increase the number of chairs in every section because the removal of the chair create a lot of disturbance The print is not good of the library photostat machine replace the machine To provide the help for the student who are using the library for the first time Most important the beautification and maintenance of the building of the library Provide dustbin in the library Providing all facilities Good drinking water Good heating approach and others Proper drinking water facility Toilets should be cleaned properly and the area near the drinking taps separate There should be more newspapers stands More chairs should be provided for seating -NI:- Chairs are less in the library. Water is not available in every department. So please connect the every department new edition of books Clean toilets More reference section books I am always thj=ere for any kind of positive work that would help my unversity Drinking water facility which is Nil there is no purifier in library In Periodical section we can increase competition magazines in present time only few magazines are available so it should increased. Silent environment which is openly disturbed by UGC staff as other staff even students New edition of books and Quality books other king of books like Novel, Autobiography and books of famous writers should be in the library Morning timing must be increased so lines can be avoided books must be of new editions newspapers, magazines must be available reading room, chair must be proper computer system or wi-fi must be available in the library in summer fans must be put or available in library Timing should be increase. New tools and machines should use for the cleaning or providing facilities in library it can save time. Furniture of library should be replaced. New edition books and toilet facility for 24 hours library.same as aboe proper sitting arrangement well behaved and well equipped staff latest journals, international journals international journals study material for competitive exams well-arranged books hi-tech library xerox facility in law library recent amendments and judgement in law library 24 hour services Workers must clean the building and toilets properly Maintenance section must take care of their responsibility More systems with better performance must be installed More chairs and tables must be put in library Wifi facility in entire building There should be proper sitting facilities There should be proper heating facility in winter There should be sufficient material in the library Books should be properly maintained Photocopy facilities should be provided in the library Computers and internet facilities should be there Proper siting facility should be provided. Latest books should be there and Number of research journals should be increaed Repairs tables and chairs Improvement water facility Proper light system should be given Research or for scholars there should be separate cannibals Toilet Cleanliness Heater facility Online Service Sanskrit magazines monthly Library experts Sitting plan arrangement Water facility Sanitation facility Lightning facility Good printing press No entry without library card Halls sittings capacity should increase Improved water and toilet facility Repair tables and chair Online facility new books and journals Proper sitting arrangement Proper water facility Proper maintenance Proper arrangements of books] So that books should be easily available Sanitation of toilets and other ICT facility Accommodation should be increased Infrastructure should be renewed E-learning facilities Books should be issued for more than 15 days All thesis / dissertation should be available online New books should be available for all subjects Spare space should be used properly, B.ed section should be equipped with more chairs and tables. magazines section Himalayan section timing needed to be extended. IT services of HPU is very poor it should be improved and a major problem whatever we pay for internet in cyber cafe, official whoever modify there don't enter on any notebook. SO it is loss of HPU property. Hindi medium books are insufficient si number of books should be increased. For all students should be charged because itis for us. Provide internet facilities Wi-fi More journals New books Proper water facility Photostat machines OPAC system Proper staff arrangement plans Dictionary in reading room More heating point and heaters Providing better heating system Better facility of water Increase timing of general section Provide internet services Better reading environment Providing discipline guard in library wi-fi facilities computer lab Provide wifi in library Increase library timing Well educated and trained staff should br there IT services should be properly provided within the premises Regular stock of books or magazines should be changed or improved Online facilities of books should be given to the students There should be proper sitting arrangements Basic information like building, water, washrooms, electricity heating facilities etc. are needed to improve. proper maintenance of the library maintain the discipline in the library and issue material for the students use of computer and the internet services in the library with proper care of systems promoting the wi-fi system and maintain the infrastructure in library new books for the use of study in the library use of improvement for electronic materials all the material in the library giving to the students to study properly proper guide the students learn in the library competition between students and library E-journals access Printing facility xerox facility Wi-fi Internet should be free 24 hours service New books should be kept Library cards should not be taken after exams and library cards should be available with students during their course Subjects related books should be their Internet facilities Provision of downloading e-books Books should be well maintained better facilities if IT services and open the other sections of the library upto 9 pm so that the large number of students can also sit in the other section. sitting arrangement are very poor and it should be improved There should be books of new edition Books should be issued for longer time period More books should be issued from main library to law students There should be 2-3 photostat machines in the library as to reduce the burden First and fore most library staff should be completed, electronic facilities e,g, water , wi-fi, good internet facility in inside and outside the library, proper discipline and rule regulations Library staff should be more user friendly Staff should be punctual. The person for returning books is usually not present, wasting our precious time. The issuing officer comes to his seat at 11.00 am. this very annoying an wastage of time. Staff should not be allowed to talk loudly on mobile phones and also with each other Such a research should be done in department libraries as well. Suggestions given are said after having personal experience. Wi-fi facility should be provided There is no specific department in the library. this is all because the Himalayan section does not allow entry for the bachelors of MTA department who are they to restrict us ? This is not even the case that we don't have anything in common. This should be noted. More books of various authors should be included Wi-fi facility to be provided Staff should be more cooperative Library should be made for proper internet Current magazines/ newspapers./ journals should be easily Books should be of latest editions Books of reputed authors and published should be given top most priority Employees should be most-cooperative There should be digital service More than one copies of text books Updated books Library should be bigger day night facility must be provided to students for using the library Repair of the library More chairs in the different sections New books Proper water facility Increment in accommodation Improvement in all the physical facilities like sitting arrangements etc. There should be different library for the different departments Number of books should be increased and in new addition at international level. To provide special section for the research scholars for reading their own books There should be decorum in library Provide all newly addition books Proper water facility Repair maintenance all toned books Required proper electricity facilities Chairs should be in a squeal order Remove the academic staff college from the library Improve the photostat properly Please maintenance the library both inside and outside etc. Provide new edition books for issuing for students repair old books there must be provision of machine to receive and reject the book there must be onlin library internet and wifi facility new edition books new syllabus should be available increased in staff and facility as a regular science section should be open in time there are more books in library Proper Sanitation Entertainment facility to remove stress Assistance in finding library books Cameras should be there to avoid theifs activities Every department should have their own library section Good books of Hindi medium It provides issued facilities of water, toilet and medical Time to time opened closing library Staff behavior should be helpful There should be more heater facilites I want to request the authorities to kindly employee more staff in library to facilitates easy access to books. Research topics (e.g. in encyclopedias, dictionaries or other online reference books	<b>177</b> 21%
Regional, National and International history resources)	<b>107</b> 13%
Read magazine and newspapers	<b>288</b> 34%
Follow a computer-based learning course	<b>35</b> 4%

### Why do you use the reference books in Today's context also? (explain in three lines)

To improve our knowledge To enhance knowledge To be updated it is a very important part of system Reference book gave us the all information about our topic what our teachers gave us to research For course study They enhance our knowledge about particular subject These books are very useful in Research Work Research topics and other consultation We use the reference books in today's context to cover our syllabus in which we are studying To clarify the topic to improve the quality of my knowledge While preparing the preparation I use the reference books. Reference books are the source from which we get background of the particular topic. I have consult many books in my research and other study Well explanation We read advance To give support to today's context because basic knowledge remains always the ground reality reference books are quite helpful to us we get a thorough knowledge about our subject World is changing everyday. So we need to keep ourselves update by reading references and make our point more valid and strong For detailed study of topics making notes For maximum material Because reference books are good because we get all information from these books which is not find any where. So to use of reference books is very good for us. To gain all knowledge about any thing by different books in the library FOR RESEARCH AND IMPROVE KNOWLEDGE ABOUT MUSIC Reference books re very much required for doing further researches It provides a base for knowledge building and providing new areas and aspects for research purpose. Play very important role in research work to research work/project For seeking abstract of latest information and knowledge We use reference books for the development of reflective . because if we concern only for the book which is related to subject we can not develop this. Same as Above It helps me to overall knowledge of the subject of topic For dissertation For exam purpose We use reference books for

the development of mental level Yes, sometimes many books explanation for certain topics is superb Because these reference books help me more to understand my topic and provide solution of my problems. According to my syllabus of LLB which is helpful to me -NIL- Reference books makes research authentic Because reference we can make our research paper Reference books grant us a vision for gurante i am not using any reference books from library Because study material is good The language used in the books os also good can be inderstand reference books also available but old addition there must be new edition books Reference books learn us the various subjects of humanities and helping us to being human So that we can have the idea about our topic if they are providing the good material to us. For better understanding of any topic, reference books. Fro research purpose to get the knowledge the whole the world to get tge knowledge of different issue of the soidty It helps in giving direction to our research work Reference books helps in better understanding of the concepts given in text books Every body know something but when it comes to explain he/she should have, a solid base. i use reference books to specify my base line Journals Relaited to subject books To clarify its meaning It will be help us today, tomorrow and in the future For exploring some important topic which would help full for our entrance and examination Can't explain because i only use my personal books inlibrary Because they are an authentic source of information and knowledge 1. updating knowledge 2. Research purpose 3. Development of philosophy ideas and thoughts They are very useful to access the topics reference books provide us the background of the topic For increase my knowledgeNo in this library there is not any material or books about the present seriousness and times To have a computer knowledge of a particular topic reference books are good source of knowledge every student are not able to access internet facility and it in wide source of knowledge Use of books for my personal knowledge Boos also ise for mu research work Book also use for competitive examinationasthe reference books provide a lot of knowledgethe reference books have no erroe and the students can easily understand Reference books are needed to collect more and more material for the examinationTo have variety of material there are lot of basic concepts in the reference books other then the text books reference books are not available personally authenticity pf the information reference books very helpful to clear any type of text For research topic and to understand the concept of the topic in better manner To increase the knowledge For detailed study of the subject and precious experience can given a lot of help For getting knowledge For knowing national and international business isue purpose of research and to make this actual source To Research work and Project work To Consult syllabus To get syllabus covered of concerning strems with the help of reference books. For information Improves the knowledge by getting extra study material They are of much help in spite of available text books As it give use precise knowledge about the topic and related topic reference books provide very effective material for preperation Books provide more relevant information from any other source For research topic and for the study To achieve maximum satisfaction from a topic of reference books reference books are important touse do they provide the basci idea Sorry, I can not use reference book till today reference books are few and quality of material is excellent to just clarify the topic more preciously I use the reference books to get mu subject topic and books names my new authors and latest edition They help in research as well as provide subject related information To be od the latest development in any field is the need of the hour. Same as above Updating knowledge 2 Research purpose 3 Development of Philosphy Ideas and thosught As the reference books are very helpful Because of time clear printing Becuse these are authentic sources preparing for job These are a source of authentic information to increase teh knowledge, for research topic general knowledge Provide proper information We can issue them and we put to search a topic. This thing help us a lotBooks are original source of research books re more authentic It guides us Trust worthy data is provided Books are the best friends . they can more authentic and reliable source of infirmation First of all reference books provide a great help in research and if the student want to know some basic knowledge which help so it can be achieve from reference books For the purpose of research and preparing seminars For research work and to refresh and upgrade my knowledge Itis need of present time and very importnat for research work. Nothing is complete is itself. To gain more, accurate and deep understanding of nay topic, field of study, one require or should use the reference books also. The is not for the things context only. Because these provide authentic knowledge Good quality books and material never goes waste for research topics and clean the comcepts reference books are important in today's context Yes reference books gives a lot of knowledge about the today context we, can gain more information about that books. For research work For gain the basic knowledge for our subject and clear the basic concepts it gives us proper knowledge It gives us knowledge from easy to hard Interest in every topic -NIL- to wide our knowledge to clear the concepts and topics briefly to know the views and through of carious sections To get the study material Well explained They are a/c to the points Because it provides in depth knowledge to a particular topic. the reference books are is today context we improve aver self new the subject and hold the and answer the all question raising in the syllabus also. Yes, because all the books are not accessible at a time, its good to have reference books I am preparing my self for the IAS and UGC and library and all library staff helping me for this purpose Reference books cannot be replaced with Firstly they are reliable source of knowledge secondly information available in from them reliable sources is not reliable Easy access to the reference books it will enhance our knowledge we will become able to do competition study it will wider our research criteris The reference books facility us with the topic in a wider sense, variety is there Research To write research paper To make notes for exams They provide banks knowledge about topic, they are authentic and more over they are helpful to the general reader as well as for exams and they give is concept clearly. for improve our knowledge regularly our subject of study Yes, they are helpful in the history of the concerned topic. More ever reference books. Reference books provides depth knowledge of about particular topic or concept To have most knowledge and to have clear understanding to my topic To access old sources of kowledge To get more knowledge about particular topic To go depth and knowledge particular topic To get more material about the topic for our thesis work To get updated on new ideas on research To improve analytic skills on various topics Because the reference books available in the library are very good and some of them are not easily available in the market These books are very useful in research work. research topics and others consultation They supply great knowledge and study For research purpose by the help of them we can know and understand how the change comes and how the specific goal og thing can be made
